PROFILO

La Storia di PALEO, che da oltre 30 anni si occupa della progettazione e produzione di box doccia, è ricca di cambiamenti. Il tutto nasce nel 1959 a Lumezzane, in un popoloso e industriale paese in provincia di Brescia, quando dall'intuizione di Emilio Ghidini nasce la GEL.

L'attività principale era quella di lucidatura di posate, ma ben presto le esigenze del mercato, l'elasticità dell'azienda e la capacità del suo fondatore di lavorare con i metalli, tramutano la GEL in fonderia: siamo nel 1960.

Dopo 15 anni di attività nel campo della fusione e produzione di accessori da bagno, la GEL sente la necessità di affrontare una nuova sfida: la società si trasferisce a Bovezzo, si specializza nella produzione di box doccia e prende il nome di PALEO.

È il 1975. Nonostante le trasformazioni PALEO, arrivata ormai alla terza generazione, è sempre riuscita a mantenere la caratteristica di azienda familiare che le ha permesso, unita alla passione e alla dedizione dei suoi lavoratori, di tramandarsi nel corso degli anni le caratteristiche basilari per ottenere un prodotto di qualità. Ampliata nel 1989, l'azienda si sviluppa tra magazzino dei profili, macchinari per il taglio e foratura, impianto di verniciatura, montaggio, siliconatura, imballaggio e magazzino finale. Grande spazio è lasciato ai test e alle certificazioni mentre la produzione, che avviene utilizzando solo prodotti europei certificati per garantire ai consumatori una funzionalità nel tempo senza compromessi, è seguita in ogni sua fase da personale esperto e qualificato.

The history of PALEO, which has been designing and manufacturing shower enclosures for over 30 years, is full of changes. It all began in 1959 in Lumezzane, a populous, industrial town in the province of Brescia, when Emilio Ghidini had the idea of setting up a company called GEL.

Core business was that of polishing cutlery, but soon market demands, the elasticity of the company, and the metalworking skills of its founder transformed GEL into a foundry: the year was 1960.

After 15 years of activity in the field of casting and production of bathroom accessories, GEL felt the need to face a new challenge: the company moved to Bovezzo, specialising in the production of shower enclosures and took the name PALEO.

The year was 1975. Despite the changes PALEO, now in its third generation, has always managed to maintain the characteristic of a family business. Together with the passion and dedication of its workers, over the years this has enabled it to pass on down the basic characteristics needed for a quality product. Following expansion in 1989, the company developed into something between a profile warehouse, cutting and drilling machinery, and painting plant, with assembly, silicone coating, packaging, and final products storage.

Great importance is given to testing and certification, while every stage of production, which is carried out using only certified European products to guarantee uncompromised functionality over time, is attended to by experienced and qualified personnel.

L'ACQUA È LA MATERIA DELLA VITA. E' MATRICE,
MADRE E MEZZO. NON ESISTE VITA SENZA ACQUA.

VISIONE

Paleo è un'azienda caratterizzata da una forte identità e da uno stile innovativo e sofisticato. È un'azienda che parla un linguaggio universale, il suo spirito unisce da sempre alla sottile poesia della forma la massima funzionalità e praticità d'uso plasmando i migliori materiali attraverso lavorazioni d'avanguardia.

Ogni prodotto Paleo nasce da un'idea forte e racconta uno specifico percorso creativo e tecnologico. Tutti sono coerenti con la filosofia aziendale che unisce da sempre la ricerca di nuove estetiche con una profonda conoscenza dei materiali e delle tecnologie.

I box doccia Paleo sono caratterizzate da un senso della geometria sempre inedito e ad alto tasso creativo e traggono ispirazione di volta in volta da mondi diversi.

La natura, gli scenari industriali, le arti visive sono solo alcuni dei contesti osservati e reinterpretati per dar vita ad ambienti bagno in cui forma e funzione si intrecciano e si completano, una sintesi sempre perfettamente calibrata tra funzione ed emozione.

PALEO is a company characterised by a strong identity and an innovative and sophisticated style, a company that speaks a universal language.

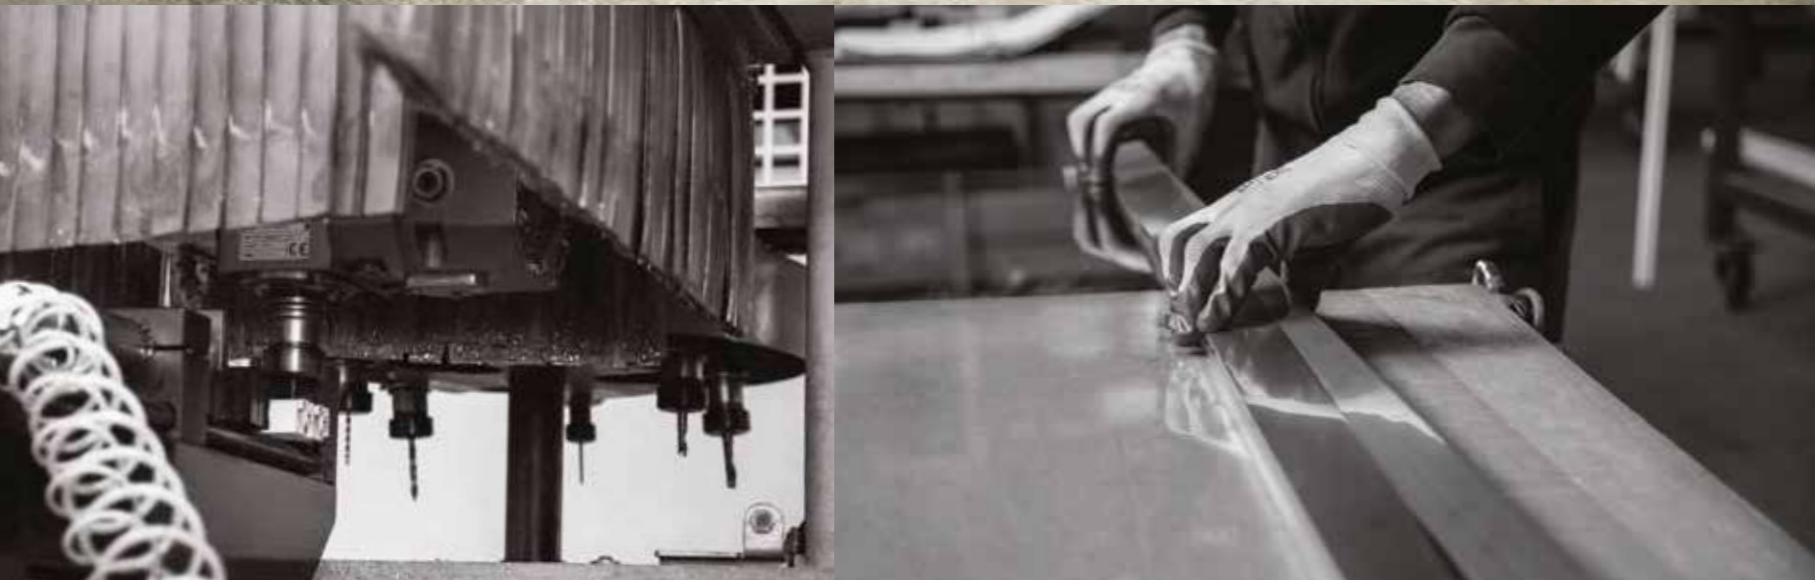

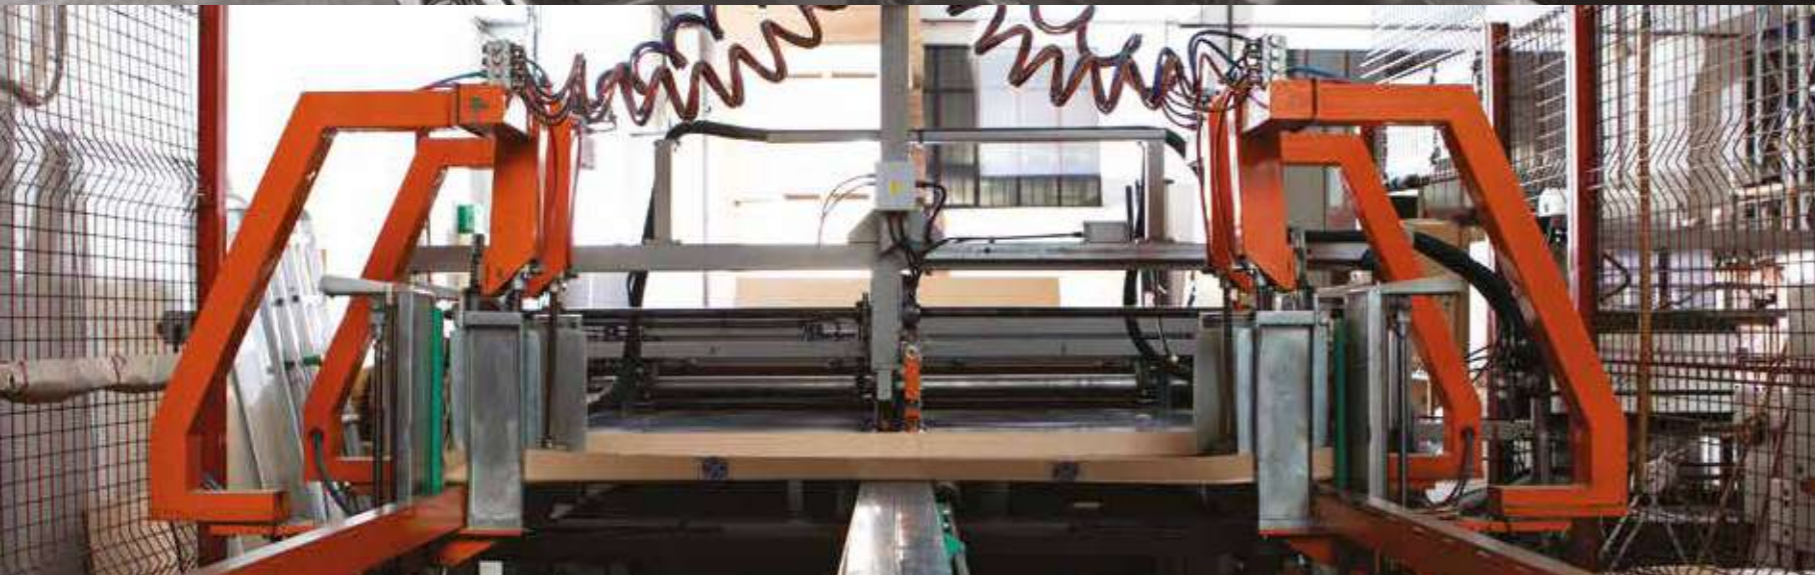

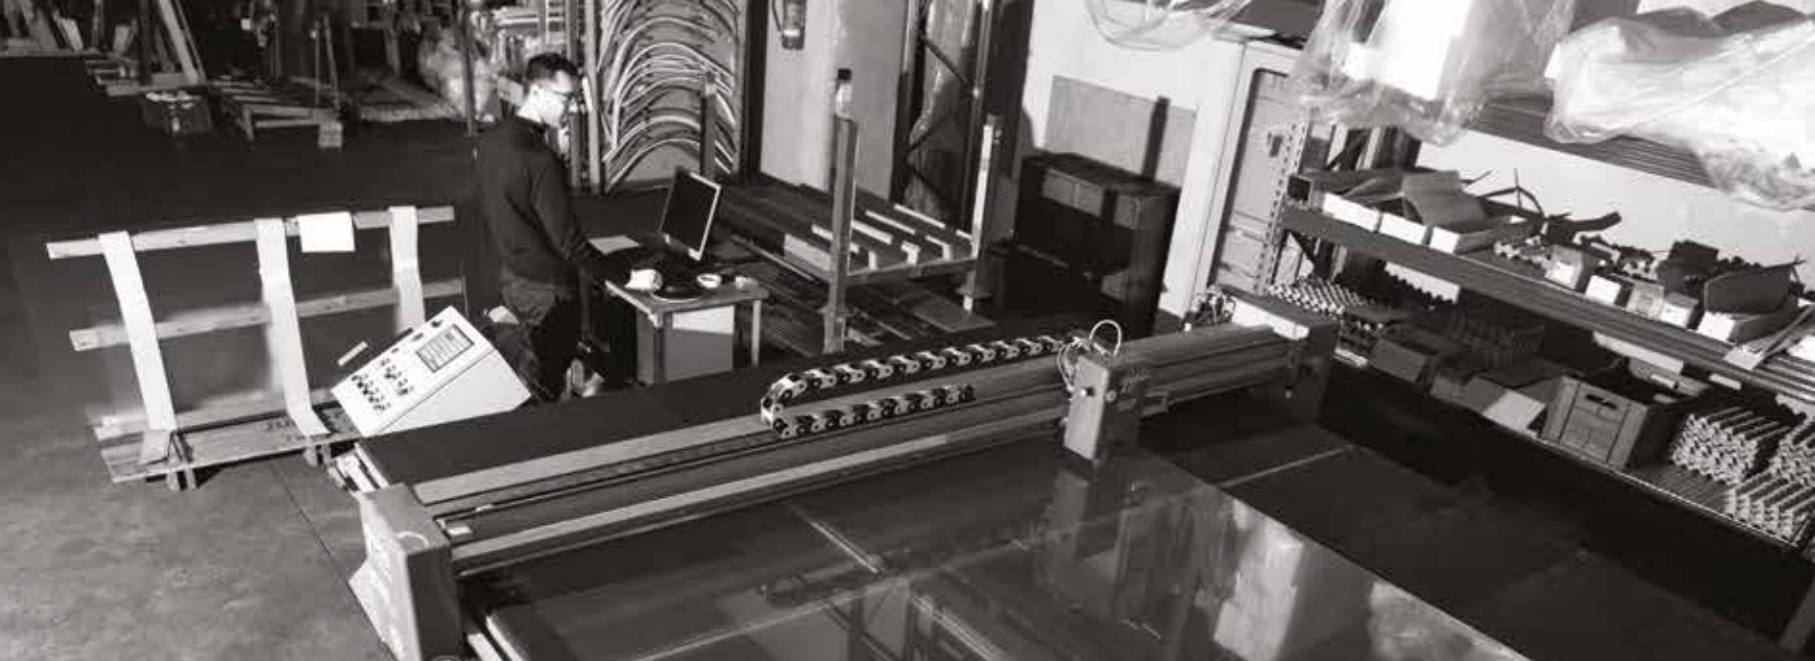

The spirit which prevails in it has always combined the subtle poetry of form with maximum functionality and practicality of use, shaping the best materials through avant-garde workmanship.

Each Paleo product is the upshot of a strong idea and narrates a specific creative and technological path. All products are consistent with the company philosophy that has always combined the search for new aesthetics with a profound knowledge of materials and technologies.

Paleo shower enclosures are characterised by a sense of geometry that is always new and highly creative and, time after time, they draw inspiration from different worlds. Nature, industrial scenarios, and the visual arts are just some of the contexts observed and reinterpreted to create bathroom environments in which form and function intertwine and complement each other; a synthesis always perfectly balanced between function and emotion.

LO STILE È L'IMPRONTA DI CIÒ
CHE SI È IN CIÒ CHE SI FA.

TAILOR-MADE

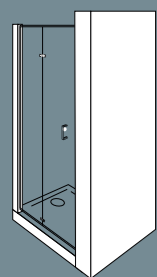

Investire tempo in ricerca ed innovazione per soddisfare le singole esigenze, questo caratterizza i progetti proposti dalla nostra realtà aziendale, in una parola TAILOR-MADE, come il sarto veste con raffinata artigianalità il corpo di ogni singolo individuo, così anche i nostri progetti vestono ogni singola vostra esigenza per farvi vivere momenti di puro relax. I materiali utilizzati rispettano le normative richieste e ogni singola operazione del processo produttivo viene eseguita nel rispetto ambientale.

Versatilità, finiture, FATTO SU MISURA i concetti chiave della nostra realtà, racchiusa in un territorio che si pone nel mezzo tra montagna e acqua, i due opposti che si incontrano formando uomini e prodotti resistenti come la roccia ma anche duttili come l'acqua.

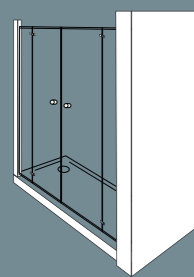

Investing time in research and innovation to satisfy individual needs is something that characterises the projects proposed by our company, in a word TAILOR-MADE. Just as the tailor dresses the body of each individual with refined craftsmanship, so too our projects dress each of your individual needs to make you experience moments of pure relaxation. The materials used are all compliant with required standards and every single operation of the production process is carried out in an environmentally friendly way.

Versatility, finishes, MADE TO MEASURE are the key concepts of our company, enclosed in a district located between mountains and water, two opposites that meet to form men and products as resistant as rock but also as ductile as water.

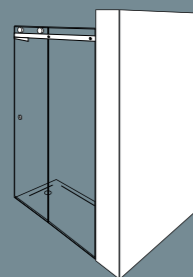

LA VERA MISURA DI UN UOMO NON SI VEDE NEI SUOI
MOMENTI DI COMODITÀ E CONVENIENZA BENSÌ TUTTE
QUELLE VOLTE IN CUI AFFRONTA LE CONTROVERSIE E LE SFIDE.

Il design della cerniera reggivetro, caratterizza la collezione donando pulizia e rigore formale, il vincolo tecnico di questa soluzione estetica è la luce tra vetro e piatto doccia.

The design of the glass-holding hinge characterises the collection, giving it cleanliness and formal rigour. The technical bond of this aesthetic solution is the light between glass and shower tray.

La silhouette perfetta della collezione STYLE si veste di una minima superficie liscia che esalta la pura bellezza del cromo e lascia spazio alla grazia naturale dei riflessi generati dalla trasparenza del vetro.

The result is a design that is decisive, distinctive, but not radical.
A reassuring shape to make your own, giving the shower enclosure a friendly appeal, pleasing to the eye and to the touch, thanks to its simplicity.

DECORI

Le possibilità di personalizzazione di una cabina doccia passa tramite la capacità di creare emozione e rendere l'ambiente bagno sempre più confortevole e attuale, non solo nella funzione ma anche nella sua estetica.

PALEO grazie al suo Know how tecnologico è in grado di fornire box doccia con texture e immagini che arricchiscono il panorama del vostro ambiente bagno.

Stile contemporaneo, stile classico o semplicemente voglia di leggerezza, tutto questo è fattibile grazie alla versatile possibilità di personalizzazione del box doccia.

PALEO e SCEGLI IL TUO STILE!

DECORS

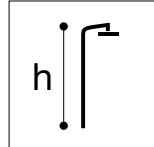

The customisation options of a shower enclosure depend on an ability to create emotion and make the bathroom more comfortable and up-to-date, not only as regards function but also appearance.

Thanks to its technological know-how, PALEO is able to provide shower enclosures with textures and images that enhance your bathroom scene. Contemporary style, classic style or simply a desire for lightness, all this is possible thanks to the versatile customisation options of the shower enclosure.

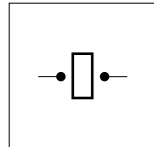

PALEO and CHOOSE YOUR STYLE!
